Portland, OR 97224

Dear Mr. Satran

The entire Lincoln community thanks you for your generous contribution to making the batting cage possible! It is appropriate that the batting cage you made possible was built in the first year since 1956 that the Lincoln High School Baseball team has won the PIL title. Lincoln now has an on campus facility dedicated to Baseball and Softball and we are so proud!

The excitement and benefit of our Batting Cages will reach beyond Lincoln and into the feeder programs that we support. Our coaching staffs are excited about truly having what is needed to teach Lincoln players the fundamentals of hitting and the lifelong lessons that come with playing High School ball.

We are very grateful for your support. Lincoln would not be Lincoln without the generosity of our wonderful community partners. We hope you will join us at the batting cage dedication and barbeque this Sunday at 4:00 p.m. here at Lincoln.

Sincerely,

Peyton Chapman
Lincoln High School Principal
